M A S T E R P I E C E

As passionate dog owners, we love working on the details.
The new **Matrix 2.0** is the perfect symbiosis:

TECHNOLOGY

We evolved the Gotcha! tag, integrating it not only into our collars but also, as an industry-first, into our harnesses.
Our unique app allows finders to scan the tag and reunite the dog with its owner.

SAFETY & FUNCTIONALITY

We prioritize easy-to-use, yet solid and well-crafted buckles and carabiners.
Reflective seams enhance visibility at night.
Extra D-rings provide versatility for leash adjustment & accessory attachment.

COMFORT

We believe in neoprene, combining it with polyester for comfort and safety.
No sharp edges, super-soft padding, and quick-drying, antibacterial materials are our minimum requirements.

DESIGN

Matrix 2.0 showcases our passion for design with distinctive features like debossed polyester webbing and tone-in-tone color combinations.
Tailored applications and matte metal parts exemplify our commitment to craftsmanship.

CLASSIC & MINI QUESTIONS & ANSWERS

- WHY USE SOUNDSHIELD™?

Parasites like ticks & fleas endanger your pet's health by causing infections and spreading diseases like Ehrlichiosis or Lyme disease (Borreliose). Some of them can be dangerous for humans as well. Protecting your cat and dog is therefore essential to keeping them safe and healthy.

- HOW DOES IT WORK?

Soundshield™ is 100% chemical-free! This repeller uses the latest advanced technology that emits intense ultrasonic waves within a 1.5m radius at high-level frequencies to constantly deter ticks and fleas. Soundshield™ is 100% safe and inaudible to both humans and pets.

Tested and proven effective for up to eight months of continuous coverage. Soundshield™ is waterproof.

- WHO IS IT SUITED FOR?

Because it is 100% free of chemicals, Soundshield™ can be used for dogs of ALL ages, even puppies, older and sick dogs or pregnant dogs. Please note Soundshield™ is intended for use as a pest preventative and will not eliminate pests on an infested pet.

Soundshield™ is designed for pets living in homes with their humans.

It is not suitable for dogs that are either already heavily infested with parasites or live in an environment where they are confronted with a high population of ticks & fleas constantly.

BRAND NEW GOTCHA! TAG - Fully integrated into each of our 3 new designs.

A - CHEST: Wrap your tape around the widest part of your dog's torso, usually right behind the "armpits" of the front legs.

B - LOWER NECK: A harness or coat sits lower on the neck, so take the measurement from here.

C - NECK: Length between neck and chest measurements.

D - BACK LENGTH: Length between neckbelt and bellybelt.

If between two sizes.....SIZE UP!

ALL ABOUT CATS

TAYLOR-MADE JUST FOR CATS

Discover the perfect balance of comfort, safety, and fun with our specially designed cat collars and harness & leash sets. Created exclusively for cats, you can choose between the playful Original Gear Line or the more subtle Matrix 2.0 Line - or simply choose both.

UNIQUE: SAFETY WITH GOTCHA!

For added peace of mind, every collar is equipped with a Smart ID Gotcha! Tag. This innovative ID helps reunite lost pets with their owners quickly and easily. Anyone who finds your cat can access your pet's information and contact you directly - a powerful tool should your cat ever go missing.

QUALITY & COMFORT

As a professional manufacturer of collars and leashes, we place the highest value on design, quality, and functionality - for dogs and cats alike.

Since cats have very different needs than dogs, every detail is carefully adapted to them.

Cat collars must be lightweight and feature a breakaway buckle that opens automatically to help prevent strangulation if the cat gets stuck.

A bell is also included to help warn birds.

Our harness and leash sets offer the same comfort dog owners expect

- but with sizing, fit, and proportions specifically tailored for cats, ensuring comfort for both pet and owner.

DESIGN & VARIETY

Finished with fun, playful, and modern designs, our cat products reflect each cat's unique personality and individual style.
